## SOVIET VETO HALTS MOVE AGAINST FRANCO

### ASKS REMOVAL OF FDR COURT APPOINTEES

#### Senator Eastland Demands Public Airing of Justices' Feud

By JACK BELL  
WASHINGTON, June 19.—Demands that four Roosevelt appointees be swept from the Supreme court were coupled today with a proposal that all eight justices tell the full story of the tribunal's "feud."

Senator Eastland (D-Miss) announced his intention to push for an open investigation of discord between the justices which he claimed has produced "inexcusable chaos" in the high court.

The suggestion that all present justices be called on for public testimony came as a follow-up to the move by Eastland and Senator Bridges (R-NH) aimed at virtual dismissal of half the present court.

Eastland told a reporter he will ask the senate judiciary committee to question the justices at hearings he insists be held on the constitutional amendment he and Bridges introduced.

The amendment would force retirement of four of the present justices by limiting to three the number of court members who could hold appointment by any one president. The places of those retiring would be filled temporarily by house election of lower court judges until a new president chose successors.

The amendment faces an admittedly hard road. To become effective, it must win two-thirds approval by congress, then ratification by three-fourths of the state legislatures. Most senators doubted it could make the grade.

If it did, however, it would leave on the court Justices Hugo L. Black, Stanley F. Reed, Felix Frankfurter and Harold H. Burton, the latter appointed by President Truman. It would remove Justices William O. Douglas, Frank Murphy, Robert H. Jackson and Wiley Rutledge, as the final four appointees of the late President Roosevelt.

It would not affect President Truman's appointment of Fred Vinson as chief justice, a nomination expected to receive early senate confirmation.

**Black Would Stay**  
Eastland informed a reporter he is uninterested in the fact that his amendment would leave Hugo Black on the court, while retiring Jackson, who recently asserted publicly

### Superior Airlines Extends Its Lines

Superior Airlines, owned by Sam F. Keener of Salem, began airplane service between Columbus and Toledo today.

The flight starts from Port Columbus at 8:30 a. m. and arrives in Toledo at 9:29 a. m. The return flight leaves Toledo at 4:30 p. m., arriving in Columbus at 5:20 p. m.

John G. McCune, Columbus manager, said plans for connecting major Ohio cities by air were proceeding at the rate of one city a week. He indicated that future plans include Cleveland, Akron and Dayton "as soon as airport facilities permit."

### Council Votes Water Line Extension And New Well

City council Tuesday night acted to extend water mains on Fourteenth st. in the Jones addition off the Newgarden st. and on Buckeye ave.

On the recommendation of the water committee, voiced by Chairman Arch Wentz, council authorized Service Director Frank K. Wilson to advertise for bids for installing six inch lines along the three newly dedicated streets to service new homes being erected in the neighborhoods.

Wentz also requested legislation transferring \$5,000 from the water fund to the extension fund to finance part of the project.

**New Water Well Planned**  
Further committee recommendations included instructions to Wilson to advertise for bids to purchase a carload of the six inch pipe for future similar projects expected in other new areas and for legislation to authorize the drilling of an additional water well on the city reservoir property southeast of the Newgarden st. city limits.

The safety committee renewed its recommendation that the city install parking meters of a 12-minute to two-hour type.

Legislation authorizing board of control action on the project is expected at the next regular meeting.

Council also instructed City Solicitor Henry L. Reese to draw up legislation abandoning an unused alley lying between two properties owned by W. R. Strain on Fourteenth st.

An ordinance, passed under suspension of rules, established rates of \$1, \$1.25 and \$1.87 an hour for rodmen, chainmen, draftsmen and instrument men hired to assist the city engineer.

Council stipulated that such employment was permissible in times of special engineering work and when funds are available.

Mayor R. R. Johnson's monthly report showed an income of \$479.20 to the city in May. Building permits netted \$6, licenses \$10, city fines \$203.40, state highway patrol cases \$215 and city costs \$44.80.

### Welfare Department Seeks \$5,000,000 In Extra Funds

(By Associated Press)  
COLUMBUS, June 19.—The Ohio Public Welfare department will seek \$4,900,980 additional funds at next week's special session of the legislature, Director Frazier Reams disclosed today.

Of that total \$2,780,980 will be asked to staff and maintain five state hospitals, \$1,370,000 for additions and improvements at three hospitals and \$750,000 additional for poor relief funds.

"These funds are what the Welfare department absolutely has to have to operate efficiently until the next general session of the legislature," Reams said.

The hospital personnel-maintenance request represents the No. 1 item in the governor's proclamation calling the special session.

Additional funds are needed because of the acquisition of Cambridge state hospital, the anticipated acquisition of Hoover pavilion at Cleveland and of a hospital in Summit county, the expansion of facilities at Tiffin and Mt. Vernon state hospitals and general operational cost increases.

**Breakdown Shown**  
From the requested funds for those purchases, \$1,628,200 is intended for personal services; \$1,152,780 for supplies, materials, equipment, contracts and miscellaneous expenses.

Tiffin hospital, with 500 patients and 125 employees, is scheduled to receive \$306,606. Mt. Vernon with 175 patients and 110 employees, \$195,225.

Largest amount is earmarked for the Cambridge hospital, formerly the Army Fiescher General hospital, \$887,150. Second place goes to Cleveland (Hoover pavilion); \$567,000. The former total is for an estimated seven and one half months' operation; the latter seven months.

Summit county receiving hospital will get \$75,000 for a six months' operational period.

**Expensive Proposition**  
"We assumed an expensive proposition in Cambridge hospital," Reams explained. "It was an army operation and we must maintain our own fire department and stoke three boilers instead of just one."

"But that is only part of the story. Practically all the 300-surplus patients now at Cambridge are bed-fast. That forces us to use considerably more personnel."

Cambridge, expected to house 2,000 state mental patients, will use an estimated 875 employees. Cleveland receiving will have 250 employees for 540 patients.

The remainder of the personnel maintenance total for the five hospitals includes \$500,000 for additional personnel, \$25,000 for a mental hygiene program and \$300,000 to cushion increased cost of food, fuel and clothing.

Request for \$750,000 additional for relief funds, the third item of the governor's call, dates back to the regular session in 1945.

The legislature's 1945-46 appropriation request for \$4,000,000 because of the war, Reams said. "The department now is asking return of that money. We are running that amount behind for the two years."

Reams explained that the Ohio poor relief load at an absolute minimum is almost \$4,000,000 annually.

### 42 SAFE AS PLANE IS FORCED DOWN

WILLIAMATIC, Conn., June 19.—Forty-two passengers, including Actors Laurence Olivier and his wife Vivien Leigh, were winging their way to England today aboard a Pan-American Clipper of the Constellation type after surviving a pancake landing at a tiny airport here.

The transatlantic plane in which they left LaGuardia field, New York, at 5 p. m. Eastern daylight time yesterday developed engine trouble a few miles east of here, forcing it to come into Windham field, an airport designed only for much smaller craft on three engines and with the wheels retracted.

The bad engine, which was afire, dropped from the plane while flying in the vicinity of Plainfield. After the landing here, the passengers were taken by bus to Hartford, 30 miles west, and resumed their trip to England in another Clipper sent from New York.

### Spring Rains, Cool Weather Hit U. S.

Spring was having a fling on the weather map as it neared the end of its seasonal run today.

There was snow, rain, high winds, and hot weather. Temperatures ranged from the 30's this morning to a blistering 107 recorded yesterday in Yuma, Ariz.

Here in Salem the rains continued, with the mercury dropping to a minimum of 52 degrees.

Cheyenne, Wyo., reported snow mixed with rain as the temperature dropped to near the freezing point. Readings in the 30's also were reported in North Dakota and Michigan and were near that mark in some parts of northern Minnesota.

The cool air which hit the Lakes states and Northern Plains states Monday night extended into the northern Atlantic states and New England today.

Heavy rains were reported in many sections, with a rain belt extending from northern Missouri to Pennsylvania. Rainfall in Cordoba, Kans., last night measured 3 1/4 inches. Baltimore and Philadelphia were hit by rain and electrical storms yesterday.

### Germans Had 50 Percent Losses In Bulge Battle

DACHAU, Germany, June 19.—The former chief of staff of the German Sixth Panzer army told the U. S. military court today that his tank troops suffered casualties up to 50 per cent and took 5,000 to 7,000 American prisoners during the battle of the Ardennes bulge.

Brig. Gen. Fritz Kraemer, one of 74 SS veterans accused of killing American prisoners, said his first knowledge of the massacre came from Allied radio reports.

### McKee Is Chairman Of Park Commission

Floyd W. McKee, newly appointed member of the Park commission, was elected chairman at a meeting today in the Memorial building.

Other members of the commission are Dana Floeing and Joe Kelley. Clyde R. Reich is secretary.

McKee was named to the board by Mayor R. R. Johnson June 10 to replace Edgar Sheen, Jr., who had resigned.

A report of work done at Centennial park this year was given by Kelley, following which tentative plans were discussed for hard surfacing the tennis courts.

Kelley reported that attempts to secure bleachers for the south baseball diamond had failed due to shortage of materials.

### TORNADO VICTIMS IN DETROIT AREA GIVEN ASSISTANCE

(By Associated Press)  
DETROIT, June 19.—Aid was rushed today to the hundreds of homeless left in the wake of Monday's tornado, which took 14 lives and caused millions of dollars in damage to the Detroit and Windsor, Canada, area.

River Rouge, hardest hit on the American side of the Detroit river, called on individual residents to help the destitute while Canadian relief agencies mobilized emergency assistance for the storm victims there.

Clothing and field kitchens were brought into Windsor from Toronto and Camp Borden. Volunteer manned food canteens which patrolled the stricken areas of Tecumseh, Ojibway and Sandwich.

A company of Michigan state troopers patrolled the River Rouge business area to prevent looting of stores flattened by the twister.

The tornado leaped the river at River Rouge, sweeping in a path a quarter of a mile wide through communities on the outskirts of Windsor. At least 50 homes were demolished, 200 badly damaged and more than 500 persons left homeless.

Scores were injured, with nearly 85 persons hurt in the Fisher housing project in River Rouge which was almost completely flattened.

Roaring along at more than 250 miles an hour, the tornado struck first at River Rouge at 6 p. m. Monday. It then swept across the river, the suction of its course drawing up at least four huge waterpumps.

Electric power was restored late Tuesday afternoon.

### Project Meeting Held At Smith Grange Hall

The all-ladies degree team of Smith grange captained by Mrs. Dugan of Snodgrass Station, gave a fourth degree demonstration at a Mahoning county grange project meeting Tuesday evening at the Smith grange hall. Nine candidates were initiated.

Members of North Lima grange, under the direction of the lecturer, Mrs. Homer Perry, presented a program entitled "Vacation Time."

Miss Ruth Ackerson gave a talk, "Our Auto Trip Through the West," and Miss Jean Beaver sang a solo with Miss Esther Hindle, accompanist.

Two hundred and twenty-seven grangers attended, representing practically all the granges in the county.

The county grange play day is set for July 26 at Smith grange hall. At this time the county prune bread and kitchen curtain project will be judged. The county winners will compete in the state contest at Columbus.

### Goshen High Adds Instructor For New Agricultural Course

Addition of three courses in agriculture to the Goshen High school curriculum was announced Monday at the board of education meeting in Damascus.

In addition to the new courses, the board also disclosed that a farm training program for veterans, under the G. I. Bill of Rights, also will be initiated as soon as organization is complete.

Supt. C. G. Long explained that the new high school courses will include a class of Freshmen and Sophomore students, another for Junior and Seniors and a third for "farm shop" work.

The two morning groups will be routine classroom courses, advancing modern theory and practice in agricultural training with the students carrying out related "projects" at their homes.

The farm shop class, which will be a two-period afternoon class, will teach youths the practical knowledge and training required for the care and upkeep of farm equipment, buildings, etc.

Most of the work in the shop will entail training similar to auto-mechanical training, so as to acquaint youths with the proper repair and maintenance procedures on varied types of farm machinery.

Coleman, who operates a farm of his own, has had seven years experience as a farm vocational instructor in Licking county as well as a lifetime of study and practice at agricultural work. He is an Ohio State university graduate.

**Veteran Program Separate**  
The veterans setup, which will operate under the school board but on an entirely different pattern, will entail evening classes with relative study to farm practices being used in the Damascus area by veterans certified with the Veterans Administration as apprentices on approved farms.

By this method veterans can receive regular farm pay and government training pay as they learn.

### Supt. Long Reviews Goshen High's Work

Development of Goshen High school at Damascus, which has made it one of the most progressive schools of its class in this section of the state, was outlined by Supt. C. G. Long in a talk before the Rotary club Tuesday noon in the Memorial building.

One of the aims of the school, Long said, was to maintain a teaching staff of high standard and recently the salary schedule was increased to protect that standard.

At a lengthy session Monday night the township board of education employed a teacher for the new Smith-Hughes agriculture department which will be opened at Goshen High next fall. Federal and state funds are available for this program. The board also provided for a G. I. farm program, which embraces practical farming and night classes.

Goshen High was established after Damascus academy was abandoned in 1910. Most of the school district is in Mahoning county, but it extends two and a half miles into Columbiana county.

Long has been identified with Salem Red Cross, Community Chest and War Bond drives as the Goshen township chairman on several occasions. He was presented to the Rotary club by J. Arch Harwood.

### LOUIS TIPS SCALES AT 207; CONN 182

(By United Press)  
NEW YORK, June 19.—Champion Joe Louis scaled 207 pounds to Challenger Billy Conn's 182 at the official weigh in for tonight's 15-round heavyweight title fight at Yankee stadium.

For their other fight five years ago, which Louis won by a knockout in the 13th round, the champion weighed 199 1/4 to Conn's 174.

The latest official weather report forecast cloudy skies with a light easterly wind and a temperature of about 60 degrees at fight time, 10 p. m. EDT.

It was learned reliably that the referee probably will be either Eddie Joseph, who was in the ring for the other Louis-Conn bout, or Johnny Byrne, a former middleweight fighter of the early 20's.

### INDIANS SALE NOT CONFIRMED

#### Report Says Cleveland Ball Club Sold To Chicago Group

(By Associated Press)  
CLEVELAND, June 19.—The Cleveland News said today that major stockholders had agreed to sell the Cleveland Indians to Bill Veeck, 32-year-old former owner of the Milwaukee Brewers, and a group of Chicagoans.

The paper declared that Harry Grabner, former vice president of the Chicago White Sox, would serve as the "steering committee" of the new group and that final details of the deal were being discussed by attorneys.

Meanwhile, however, stockholders of the Indians and others with interests in the club maintained a tight-lipped silence on the reported transactions.

**It's News To Bradley**  
President Alva Bradley said he "did not know a darn thing about" the report and John Sherwin, Jr., another major stockholder, declared he knew of no sale under way.

The news went on to say that "gossip has placed the sale price of the Indians at between \$1,500,000 and \$2,000,000."

Bradley says he has told Sherwin at board meetings that he believed the Indians were a Cleveland institution and should remain so. His family has approximately one-fourth of the stock in the organization.

Stockholders, in addition to Sherwin and Bradley, include Joseph C. Hostetter, an attorney; Francis Sherwin, I. P. Freiberg, chairman of the board of the Cleveland Trust Co., and the estates of C. L. Bradley, Newton D. Baker and George A. Martin. Hostetter is attorney for the American league.

The Cleveland team has been operated by the present ownership since December, 1928, after purchase from Mrs. James C. Dunn.

### More Canned Fruits Due But Prices To Be Higher

WASHINGTON, June 19.—Housewives will pay more for part of the 1946 pack of canned fruits and vegetables put up by processors who have granted approved wage increases.

Announcing this today, OPA said it had scarcely any information on the number and extent of such pay raises, and thus could not predict the general effect on prices that the higher costs will exert.

The Wage Stabilization board said approval of pay hikes for canning industry workers is being handled almost entirely by its regional offices, and that reports have not reached Washington.

The 1946 pack of canned fruits and vegetables will begin to appear on store shelves soon.

### Red Cross Has 2-Year Supply of Blood Plasma

PHILADELPHIA, June 19.—Enough blood plasma to last two years is available to the American Red Cross for free distribution to hospitals and physicians.

Dr. Courtney Smith of Washington told the 21st Red Cross convention that 1,250,000 packages of blood plasma have been declared surplus by the Army and Navy.

**Plane Output High**  
MIDDLETON, June 19.—A plane rolls off the Aerona Aircraft Corp. assembly line every 25 minutes, President John W. Friedlander reported today. He said daily output was 43 at plants here and at Dayton.

Inductions last month—for different reasons—were 1,000 as compared with a quota of 2,500. This was explained by the change in federal law May 14, which forced Selective Service to induct only the first two weeks of the month.

Under present law only single and childless married men between 20 and 29 are available for the draft.

### POLISH GROUP PREPARES FOR NEW DEBATE

#### Russia Blocks Proposal To Refer Issue To U. N. Assembly

(By Associated Press)  
NEW YORK, June 19.—The Polish delegation to the United Nations Security council marshalled its forces for a new showdown on Franco Spain today after Soviet Russia had vetoed a proposal to refer the Spanish problem to the general assembly.

Oscar Lange, head of the Polish delegation, declared he would "come forward with other proposals designed to obtain and promote unanimous action against Franco's Fascist regime" when the council reconvenes next Monday afternoon.

Lange, who brought the Spanish question to the attention of the Security council last night by charging that Franco was a threat to world peace, followed up the Russian veto yesterday by seeking an immediate vote on his original resolution calling for a break with Spain by all members of the United Nations.

**Adoption Unlikely**  
Chairman Francisco Castillo Najera of Mexico ruled, however, that the council was not prepared to discuss that issue at once and adjourned the meeting until Monday afternoon. Barring unusual developments there seemed small likelihood that the Polish demand council action against Spain would be adopted.

The question of the veto power, as wielded by Russia yesterday in the Security council debate on Franco Spain, promised to play an important part in the deliberations today of the atomic energy commission.

The proposal which Russia vetoed yesterday in the Security council would have referred to the 51-nation general assembly a sub-committee report on Spain accompanied by a recommendation that the assembly call for a rupture in relations with Madrid—or take whatever action it deemed desirable.

If Franco is still in power when the assembly meets in September, New Veto Action

### Teen-Age Induction Ban Prevents Ohio From Meeting Quota

COLUMBUS, June 19.—The teenage draft ban is preventing Ohio from meeting its obligations to the post-war army, state Selective Service headquarters said today.

Draftees at Fort Hayes induction center are down to "one-third to one-half" the normal quota of 175 a day, officers there reported, and Col. Chester Goble, chief of state Selective Service, asserted: "The 'teen age ban is about a 90 per cent factor."

"I can't tell you what the June quota will be," he said, "but I can tell you we won't fill it."

Another difficulty working against draft boards in certain counties, he said, is the problem of hunting through picked-over lists. This is particularly true in a place like Sandusky county, where the Fremont draft board reported an inability to fill a 12-man quota.

"Some counties had a high rate of industrial deferment during the war—men who were young and are now within the draft age limits," he said. "These deferred men now form a source of manpower denied the smaller counties where deferments were few."

Inductions last month—for different reasons—were 1,000 as compared with a quota of 2,500. This was explained by the change in federal law May 14, which forced Selective Service to induct only the first two weeks of the month.

Scores were injured, with nearly 85 persons hurt in the Fisher housing project in River Rouge which was almost completely flattened.

Roaring along at more than 250 miles an hour, the tornado struck first at River Rouge at 6 p. m. Monday. It then swept across the river, the section of its course drawing up at least four huge waterpots.

Electric power was restored late Tuesday afternoon.

Project Meeting Held  
At Smith Grange Hall

The all-ladies degree team of Smith grange captained by Mrs. Dugan of Snodgrass Station, gave a fourth degree demonstration at a Mahoning county grange project meeting Tuesday evening at the grange hall. Nine candidates were initiated.

Members of North Lima grange, under the direction of the lecturer, Mrs. Homer Perry, presented a program entitled "Vacation Time."

Miss Ruth Ackerson gave a talk, "Our Auto Trip Through the West," and Miss Jean Beaver sang a solo with Miss Esther Hindle, accompanist.

Two hundred and twenty-seven grangers attended, representing practically all the granges in the county.

The county grange play day is set for July 26 at Smith grange hall.

At this time the county prune bread and kitchen curtain project will be judged. The county winners will compete in the state contest at Columbus.

LOUIS TIPS SCALES  
AT 207; CONN 182

(By United Press)  
NEW YORK, June 19.—Champion Joe Louis scaled 207 pounds to Challenger Billy Conn's 182 at the official weigh in for tonight's 15-round heavyweight title fight at Yankee stadium.

For their other fight five years ago, which Louis won by a knockout in the 13th round, the champion weighed 199 1/2 to Conn's 174.

The latest official weather report forecast cloudy skies with a light easterly wind and a temperature of about 60 degrees at night time, 10 p. m. EDT.

It was learned reliably that the referee probably will be either Eddie Joseph, who was in the ring for the other Louis-Conn bout, or Johnny Byrne, a former middleweight fighter of the early 20's.

INDIANS SALE  
NOT CONFIRMED

Report Says Cleveland Ball Club Sold To Chicago Group  
(By Associated Press)  
CLEVELAND, June 19.—The Cleveland News said today that major stockholders had agreed to sell the Cleveland Indians to Bill Veeck, 32-year-old former owner of the Milwaukee Brewers, and a group of Chicagoans.

The paper declared that Harry Grabner, former vice president of the Chicago White Sox, would serve as the "steering committee" of the new group and that final details of the deal were being discussed by attorneys.

Meanwhile, however, stockholders of the Indians and others with interests in the club maintained a tight-lipped silence on the reported transactions.

**It's News To Bradley**  
President Alva Bradley said he "did not know a darn thing about" the report and John Sherwin, Jr., another major stockholder, declared he knew of no sale under way.

The news went on to say that "gossip has placed the sale price of the Indians at between \$1,500,000 and \$2,000,000."

Bradley says he has told Sherwin at board meetings that he believed the Indians were a Cleveland institution and should remain so. His family has approximately one-fourth of the stock in the organization.

Stockholders, in addition to Sherwin and Bradley, include Joseph C. Hostetter, an attorney; Francis Sherwin, I. F. Freiburger, chairman of the board of the Cleveland Trust Co., and the estates of C. L. Bradley, Newton D. Baker and George A. Martin. Hostetter is attorney for the American league.

The Cleveland team has been operated by the present ownership since December, 1928, after purchase from Mrs. James C. Dunn.

More Canned Fruits Due  
But Prices To Be Higher

WASHINGTON, June 19.—Housewives will pay more for part of the 1946 pack of canned fruits and vegetables put up by processors who have granted approved wage increases.

Announcing this today, OPA said it had scarcely any information on the number and extent of such pay raises, and thus could not predict the general effect on prices that the higher costs will exert.

The Wage Stabilization board said approval of pay hikes for canning industry workers is being handled almost entirely by its regional offices, and that reports have not reached Washington.

The 1946 pack of canned fruits and vegetables will begin to appear on store shelves soon.

Red Cross Has 2-Year  
Supply of Blood Plasma

PHILADELPHIA, June 19.—Enough blood plasma to last two years is available to the American Red Cross for free distribution to hospitals and physicians.

Dr. Courtney Smith of Washington told the 21st Red Cross convention that 1,250,000 packages of blood plasma have been declared surplus by the Army and Navy.

MIDDLETON, June 19.—A plane rolls off the Aeronca Aircraft Corp. assembly line every 25 minutes, President John W. Friedlander reported today. He said daily output was 43 at plants here and at Dayton.

POLISH GROUP  
PREPARES FOR  
NEW DEBATERussia Blocks Proposal To  
Refer Issue To U. N.  
Assembly

(By Associated Press)  
NEW YORK, June 19.—The Polish delegation to the United Nations Security council marshalled its forces for a new showdown on Franco Spain today after Soviet Russia had vetoed a proposal too refer the Spanish problem to the general assembly.

Oscar Lange, head of the Polish delegation, declared he would "come forward with other proposals designed to obtain and promote unanimous action against Franco's Fascist regime" when the council reconvenes next Monday afternoon.

Lange, who brought the Spanish question to the attention of the Security council last night by charging that Franco was a threat to world peace, followed up the Russian veto yesterday by seeking an immediate vote on his original resolution calling for a break with Spain by all members of the United Nations.

**Adoption Unlikely**  
Chairman Francisco Castillo Najera of Mexico ruled, however, that the council was not prepared to discuss that issue at once and adjourned the meeting until Monday afternoon. Barring unusual developments there seemed small likelihood that the Polish demand council action against Spain would be adopted.

The question of the veto power, as wielded by Russia yesterday in the Security council debate on Franco Spain, promised to play an important part in the deliberations today of the atomic energy commission.

The proposal which Russia vetoed yesterday in the Security council would have referred to the 31-nation general assembly a subcommittee report on Spain accompanied by a recommendation that the assembly call for a rupture in relations with Madrid—or take whatever action it deemed desirable.

If Franco is still in power when the assembly meets in September, the Russian veto yesterday off-set the action of nine other members of the Security council which voted in favor of the resolution.

In London last February the USSR used its veto to overrule an American proposal for Syria and Lebanon to negotiate their differences with Britain and France over the withdrawal of British and French troops from the Levant.

The Russian veto yesterday off-set the action of nine other members of the Security council which voted in favor of the resolution.

In invoking his veto power, Soviet Delegate Andrei A. Gromyko stood fast on the premise that Spain is a proven menace to world peace and that the Security council should take immediate action.

Teen-Age Induction  
Ban Prevents Ohio  
From Meeting Quota

COLUMBUS, June 19.—The teen-age draft ban is preventing Ohio from meeting its obligations to the post-war army, state Selective Service headquarters said today.

Draftees at Fort Hayes induction center are down to "one-third to one-half" the normal quota of 175 a day, officers there reported, and Col. Chester Goble, chief of state Selective Service, asserted: "The teen age ban is about a 90 per cent factor."

"I can't tell you what the June quota will be," he said, "but I can tell you we won't fill it."

Another difficulty working against draft boards in certain counties, he said, is the problem of hunting through picked-over lists. This is particularly true in a place like Sandusky county, where the Fremont draft board reported an inability to fill a 12-man quota.

"Some counties had a high rate of industrial deferment during the war—men who were young and are now within the draft age limits," he said. "These deferred men now form a source of manpower denied the smaller counties where deferments were few."

Inductions last month—for different reasons—were 1,000 as compared with a quota of 2,500. This was explained by the change in federal law May 14, which forced Selective Service to induct only the first two weeks of the month.

Under present law only single and childless married men between 20 and 29 are available for the draft.

## 'P' As In Profit

Alignment of the groups in the Price Control Act fight and statements by their spokesmen make it clear that the underlying issue is profit control. OPA in its administration has wandered far from the job of keeping prices in line, which was necessary during the war, and waded into the deeply controversial matter of telling private enterprise what it must do about its profits in peacetime.

It has been supported in this by minorities and factions hostile to private enterprise and anxious to hurt it where it lives—in its profits. Many of them are interested in OPA only to the extent that they think it can be used to grind the ax they are sharpening for a final attack on the whole organization of profit capitalism. In Congress, where this is more obvious than it is to the public, which is preoccupied with keeping prices from raising the cost of living, the votes against extending price control authority were to a great extent votes against extending profit control authority.

It is the same fight that has been going on for more than a decade—the struggle between those who are interested in wrecking profit capitalism and those who are interested in saving it from the wreckers. It merely happens that in this case much of the public has been beguiled into believing the only thing involved is prices. Yet, some of the same persons who are adding their voices to the clamor to continue price-profit control cheerfully go into the black market and pay illegally-high prices for commodities which private business cannot supply at legal prices. OPA is subsidizing illegal business at the expense of legal business, which is given a choice between turning illegal itself or trying to maintain itself under the handicap of profit control administered under cover from Washington.

## Fomenting Revolution

Herbert Hoover's comment in Rio De Janeiro that Communist opposition to famine relief in the countries he has visited looks like a party-line plan to fish in troubled waters puts a distinguished American on the record in an issue that goes to the roots of the ideological struggle.

As Mr. Hoover points out, his efforts to obtain food for the relief of hunger in Europe are uniformly opposed by the Communist press wherever he goes. Either this is policy directed from Moscow, he declares, or it is policy that should be repudiated by Moscow. Certainly he has a right to resent being derided as "the ambassador of Wall Street coming to take bread from the Brazilian people," as he was derided by the Communist press of Brazil.

It is no secret, of course, that the United States hopes famine relief may keep Europeans from reaching such a degree of desperation they will be tempted to sell out their hope of liberty for the promise of security under authoritarian government. Authoritarianism thrives on desperation. But the real motive for this country's food relief is humanitarian; human beings who are threatened with starvation may be saved by our generosity.

The Communist line being used against Mr. Hoover says in effect that starvation is an excellent conditioner for revolution. That is a strange way to try to win converts to Communism. What Mr. Hoover has done, in effect, is to challenge Moscow to deny such a policy, or to take the consequences of supporting it.

## India Has Our Sympathy

His Britannic Majesty's government, it now appears, is going ahead with independence for India whether the quarrelsome Indians want it or not. The 14-man interim government being set up to preside over the last rites for the notion that Indian independence never would reach a climax is obviously a conclusive step. India's politicians either must deliver the goods, or lose their chief talking point, which is the charge that the British never really gave them a chance.

As they tackle the job of learning to get along with one another, India's quarrelsome minorities have America's sympathy. It is not going to be easy. After more than 150 years, Americans still can claim little more than an uneasy truce maintained by a sense of expediency. Religious, racial and economic bigotry are still gnawing at the underpinning of our national strength. Regional jealousies never have been overcome. Even so slight a thing as differences in speech are enough to set off our prejudices.

India can look forward to the pleasure of handling such things as the American silver bloc, on the rampage for more Treasury loot, and the cotton bloc. These are part of the price of unity. It can discount in advance such denials of the spirit of unity as a counterpart of the "solid south," which has supported totalitarian government for three-quarters of a century. It will have to fight trade barriers between states, politicians who try to handle statesmanship with the tactics of ward bosses and, no doubt, an Indian version of cornstalk blocs vs. big city ward heeled.

There will be times when Indians will wonder if it wouldn't be better to give the whole mess back to the British—but after the first hundred years or so they may get the hang of it and begin to boast about the Indian way of life as being preferable to all others, including the Scandinavian.

## Justice and Vengeance

From the distance of America, Gen. Draja Mihailovich's trial seems extremely confusing and a little disheartening. Nineteen American flyers have testified that General Mihailovich and his Chetniks saved their lives. They have presented evidence that the Chetniks were fighting the Germans. Yet there are some official hints in this country that the Tito government's charges are not without foundation.

What probably bothers Americans most is the

knowledge that the one-time guerrilla hero has the cards stacked against him. Marshal Tito has promised him a "fair trial." But he has told our State Department that General Mihailovich's crimes are "far too big and horrible to allow discussion of whether he is guilty or not."

But this trial, in principle, is no different from the Allied trials of war criminals. The only difference lies in the seemingly questionable evidence, the fact that the Mihailovich trial is a national issue before a national court, and the deep suspicion that the whole thing may be an ideological frameup.

To the Tito partisan the trial may seem more logical than the war crime trials are to us. No one believes that Goering, Tojo and other top Axis leaders will be found innocent. It is just that to us in a democracy, the idea of criminal procedure against men responsible for the most terrible of crimes confuses the mind's conception of justice and its desire for vengeance.

## The Stars Say

For Thursday, June 20

THE astral conditions encourage a decisive and concentrated effort in the direction of achieving important goals and major objectives in business as well as personal relations. The public and those in influential places are disposed to be generously co-operative and dependable.

However, there is an inclination to be too eager to put over these plans, and haste, rash or intemperate conduct would prove disastrous, and may forfeit good will and substance. Remain calm and reasonable, and be careful in physical actions.

Those whose birthday it is may find the year one of much promise for the engineering of important projects of large scope and influence, private as well as public. Those in influential places are disposed to be friendly and solidly co-operative, but danger and loss would be the result of hasty, rash, immature or temperamental words or acts. And carelessness might also cause accident or sorrow.

A child born on this day will be capable and ambitious for large propositions, but a tendency to harsh, rash or careless activities might prove detrimental to its progress.

A cow ate a Texas farmer's wallet containing \$56. Bossy only wanted a roll for breakfast.

## GUARDING YOUR HEALTH

Babies Who Can't Relax

BY HERMAN N. BUNDESEN M.D.

WHEN we want to indicate we've had a good, refreshing rest, we often say "I slept like a baby," and it's a good comparison because most babies are past-masters at the art of relaxation. There are some babies, however, of the type called hypertonic who do not seem to know how to relax.

These babies are constantly on the alert. Their muscles are rigid and tense. They sleep too little and cry too much. They seem always hungry, and yet, when they are fed, they spit up part of the food. They hear everything and any little noise makes them jump.

## Body Position

Even the attitude they like best indicates tension. Usually they lie on the side or abdomen with the back arched and legs and arms partially bent. As might be expected, these over-tense youngsters are subject to colic and vomiting. But even so, according to Dr. Irving J. Wolman of Brooklyn, if they are given proper infant care, no special treatment is required unless growth and nutrition are being interfered with.

The condition is seen most often during the first few months of life in thin babies and in premature, or those born before the normal time. When they get a little fatter and a little stronger, they seem to decide that life is not so much to be feared after all and settle down to enjoy it.

If they do have colic it is usually severe. Dr. Wolman suggests the use of belladonna or atropine solution given every four hours for

this condition. If on the other hand the main symptoms are restlessness, hunger and irritability, he suggests the use of phenobarbital which is a sedative drug. The phenobarbital also may help relieve vomiting and the spitting up of food.

## Stiffness of Muscles

Rigidity and stiffness of the muscles may at times be produced by some damage to the nervous system. Hence, when this rigidity of the muscles is present there is always need for a careful study by the physician to determine just what disorder is present.

Of course, in those cases in which the nervous system has been injured, the rigidity will become more severe as time passes rather than less severe as in the case of the hypertonic infant. Furthermore, in brain injuries there may be some interference with intelligence.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

## 'P' As In Profit

Alignment of the groups in the Price Control Act fight and statements by their spokesmen make it clear that the underlying issue is profit control. OPA in its administration has wandered far from the job of keeping prices in line, which was necessary during the war, and waded into the deeply controversial matter of telling private enterprise what it must do about its profits in peacetime.

It has been supported in this by minorities and factions hostile to private enterprise and anxious to hurt it where it lives—in its profits. Many of them are interested in OPA only to the extent that they think it can be used to grind the ax they are sharpening for a final attack on the whole organization of profit capitalism. In Congress, where this is more obvious than it is to the public, which is preoccupied with keeping prices from raising the cost of living, the votes against extending price control authority were to a great extent votes against extending profit control authority.

It is the same fight that has been going on for more than a decade—the struggle between those who are interested in wrecking profit capitalism and those who are interested in saving it from the wreckers. It merely happens that in this case much of the public has been beguiled into believing the only thing involved is prices. Yet, some of the same persons who are adding their voices to the clamor to continue price-profit control cheerfully go into the black market and pay illegally high prices for commodities which private business cannot supply at legal prices. OPA is subsidizing illegal business at the expense of legal business, which is given a choice between turning illegal itself or trying to maintain itself under the handicap of profit control administered under cover from Washington.

## Fomenting Revolution

Herbert Hoover's comment in Rio De Janeiro that Communist opposition to famine relief in the countries he has visited looks like a party-line plan to fish in troubled waters puts a distinguished American on the record in an issue that goes to the roots of the ideological struggle.

As Mr. Hoover points out, his efforts to obtain food for the relief of hunger in Europe are uniformly opposed by the Communist press wherever he goes. Either this is policy directed from Moscow, he declares, or it is policy that should be repudiated by Moscow. Certainly he has a right to resent being depicted as "the ambassador of Wall Street coming to take bread from the Brazilian people," as he was derided by the Communist press of Brazil.

It is no secret, of course, that the United States hopes famine relief may keep Europeans from reaching such a degree of desperation they will be tempted to sell out their hope of liberty for the promise of security under authoritarian government. Authoritarianism thrives on desperation. But the real motive for this country's food relief is humanitarian; human beings who are threatened with starvation may be saved by our generosity.

The Communist line being used against Mr. Hoover says in effect that starvation is an excellent conditioner for revolution. That is a strange way to try to win converts to Communism. What Mr. Hoover has done, in effect, is to challenge Moscow to deny such a policy, or to take the consequences of supporting it.

## India Has Our Sympathy

His Britannic Majesty's government, it now appears, is going ahead with independence for India whether the quarrelling Indians want it or not. The 14-man interim government being set up to preside over the last rites for the notion that Indian independence never would reach a climax is obviously a conclusive step. India's politicians either must deliver the goods, or lose their chief talking point, which is the charge that the British never really gave them a chance.

As they tackle the job of learning to get along with one another, India's quarrelling minorities have America's sympathy. It is not going to be easy. After more than 150 years, Americans still can claim little more than an uneasy truce maintained by a sense of expediency. Religious, racial and economic bigotry are still gnawing at the underpinning of our national strength. Regional jealousies never have been overcome. Even so slight a thing as differences in speech are enough to set off our prejudices.

India can look forward to the pleasure of handling such things as the American silver bloc, on the rampage for more Treasury loot, and the cotton bloc. These are part of the price of unity. It can discount in advance such denials of the spirit of unity as a counterpart of the "solid south," which has supported totalitarian government for three-quarters of a century. It will have to fight trade barriers between states, politicians who try to handle statesmanship with the tactics of ward bosses and, no doubt, an Indian version of cornstalk blocs vs. big city ward heeler.

There will be times when Indians will wonder if it wouldn't be better to give the whole mess back to the British—but after the first hundred years or so they may get the hang of it and begin to boast about the Indian way of life as being preferable to all others, including the Scandinavian.

## Justice and Vengeance

From the distance of America, Gen. Draja Mihailovich's trial seems extremely confusing and a little disheartening. Nineteen American flyers have testified that General Mihailovich and his Chetniks saved their lives. They have presented evidence that the Chetniks were fighting the Germans. Yet there are some official hints in this country that the Tito government's charges are not without foundation.

What probably bothers Americans most is the

knowledge that the one-time guerrilla hero has the cards stacked against him. Marshal Tito has promised him a "fair trial." But he has told our State Department that General Mihailovich's crimes are "far too big and horrible to allow discussion of whether he is guilty or not."

But this trial, in principle, is no different from the Allied trials of war criminals. The only difference lies in the seemingly questionable evidence, the fact that the Mihailovich trial is a national issue before a national court, and the deep suspicion that the whole thing may be an ideological frameup.

To the Tito partisan the trial may seem more logical than the war crime trials are to us. No one believes that Goering, Tojo and other top Axis leaders will be found innocent. It is just that to us in a democracy, the idea of criminal procedure against men responsible for the most terrible of crimes confuses the mind's conception of justice and its desire for vengeance.

## The Stars Say

For Thursday, June 20

THE astral conditions encourage a decisive and concentrated effort in the direction of achieving important goals and major objectives in business as well as personal relations. The public and those in influential places are disposed to be generously co-operative and dependable.

However, there is an inclination to be too eager to put over these plans, and haste, rash or intemperate conduct would prove disastrous, and may forfeit good will and substance. Remain calm and reasonable, and be careful in physical actions.

Those whose birthday it is may find the year one of much promise for the engineering of important projects of large scope and influence, private as well as public. Those in influential places are disposed to be friendly and solidly co-operative, but danger and loss would be the result of hasty, rash, immoderate or temperamental words or acts. And carelessness might also cause accident or sorrow.

A child born on this day will be capable and ambitious for large propositions, but a tendency to harsh, rash or careless activities might prove detrimental to its progress.

A cow ate a Texas farmer's wallet containing \$56. Bossy only wanted a roll for breakfast.

A writer advises that sometimes it's best not to say what you mean. Especially if it's mean!

## GUARDING YOUR HEALTH

Babies Who Can't Relax

BY HERMAN N. RUNDSEN, M.D.

WHEN we want to indicate we've had a good, refreshing rest, we often say "I slept like a baby," and it's a good comparison because most babies are past-masters at the art of relaxation. There are some babies, however, of the type called hypertonic who do not seem to know how to relax.

These babies are constantly on the alert. Their muscles are rigid and tense. They sleep too little and cry too much. They seem always hungry, and yet, when they are fed, they spit up part of the food. They hear everything and any little noise makes them jump.

## Body Position

Even the attitude they like best indicates tension. Usually they lie on the side or abdomen with the back arched and legs and arms partially bent. As might be expected, these over-tense youngsters are subject to colic and vomiting. But even so, according to Dr. Irving J. Wolman of Brooklyn, if they are given proper infant care, no special treatment is required unless growth and nutrition are being interfered with.

The condition is seen most often during the first few months of life in thin babies and in premature, or those born before the normal time. When they get a little fatter and a little stronger, they seem to decide that life is not so much to be feared after all and settle down to enjoy it.

If they do have colic it is usually severe. Dr. Wolman suggests the use of belladonna or atropine solution given every four hours for

this condition. If on the other hand the main symptoms are restlessness, hunger and irritability, he suggests the use of phenobarbital which is a sedative drug. The phenobarbital also may help relieve vomiting and the spitting up of food.

## Stiffness of Muscles

Rigidity and stiffness of the muscles may at times be produced by some damage to the nervous system. Hence, when this rigidity of the muscles is present there is always need for a careful study by the physician to determine just what disorder is present.

Of course, in those cases in which the nervous system has been injured, the rigidity will become more severe as time passes rather than less severe as in the case of the hypertonic infant. Furthermore, in brain injuries there may be some interference with intelligence.

Letters to Dr. Rundsen should be addressed in care of 235 E. 45th st., New York City.

## No Appeasement With Russia, Plea

WASHINGTON, June 19.—"Immediate abandonment of any semblance of appeasement in our relations with Russia," was urged today by four members of the house foreign affairs committee.

In a report on a two-month trip to Europe, they also called for "a frank across-the-table exchange of opinion" between President Truman and Premier Stalin as soon as possible.

Reps. Gordon (D-Ill.), Byrd (D-Conn.), Mundt (R-SD) and Patton (R-Ohio), the subcommittee report said in part:

"It has become very evident in Moscow that each time we have taken a stiffer attitude and refused to yield to any and every Soviet demand our embassy has found it increasingly easier to deal with Soviet officials."

"In the politbureau there are those who are more favorable than those to the United States. Each time we yield, we lay them open to attack and give the others cause to argue that talking tough to America is demonstrated to be the most productive policy."

The committee members recommended a policy of "complete reciprocity" with Russia, saying that "no greater privileges should be extended to Russians in the United States than are extended to Americans in Russia."

## HOMEWORTH

For the first time in four years all members of the P. W. Freshley family, Homeworth, were together Thursday evening when a family reunion was held in the log cabin at Silver park.

During the four years three of the sons served with the armed forces and all are returning to complete their education. Paul Freshley is attending Northwestern university. Wilson Freshley is a student at Mt. Union college, and Dwight Freshley has enrolled at Knox Central college, Naperville, Ill. where his brothers graduated before him.

Out of town guests at the reunion were Mr. and Mrs. Paul Freshley of Milwaukee, Wis., and Rev. and Mrs. W. Wendell Freshley and daughter of Moline, O. There were 27 present.

Mr. and Mrs. Howard Emmons and Mr. and Mrs. Elvin Wallace visited Niagara Falls recently. Mr. and Mrs. Lewis Bossert and daughter, Ellen, were guests of Mrs. Beta Thomas Saturday.

Mrs. Barbara Geiger of Damascus was a recent guest of Mrs. Bernard Schopfer.

## Newspaper Boys Lauded As Outstanding Citizens

COLUMBUE, June 19.—James F. Jae, president of the International Circulation Managers' association, today praised newspaper boys as "more representative of the finest and highest type of citizenry than ever before."

Jae, who is circulation manager of the St. Louis Globe-Democrat, declared that many of the half million boys now selling newspapers were getting experience to become "owners of the world's large and small business."

In an address to 500 delegates at the association's convention, Jae urged that newspaper circulation executives set standards still higher and that "the achievements of the past be only records to shatter," and that "we leave nothing undone to further the best interests" of newspaper boys.

"It has become very evident in Moscow that each time we have made a stiffer attitude and refused to yield to any and every Soviet demand our embassy has found it increasingly easier to deal with Russian officials."

"In the politbureau there are those who are more favorable than others to the United States. Each time we yield, we lay them open to ridicule and give the others cause to argue that talking tough to America is demonstrated to be the most productive policy."

The committee members recommended a policy of "complete reciprocity" with Russia, saying that "no greater privileges should be extended to Russians in the United States than are extended to Americans in Russia."

## HOMEWORTH

For the first time in four years all members of the P. W. Freshley family Homeworth, were together Thursday evening when a family reunion was held in the log cabin at Silver park.

## Miss Lutz Is Bride Of William Bell

An arrangement of palms and orange blossoms made an attractive setting for the ceremony when Miss Margie Lutz, daughter of Mr. Florence Lutz of Perry st., and the late Forest Lutz, and William Bell, son of Mr. and Mrs. James Bell, R.D. 3, Salem, exchanged their marriage vows at 3:30 p. m. Saturday at the bride's home.

Rev. Carl Bormuth, pastor of St. Jacob's Reformed church, Lebanon rd., performed the double ring ceremony.

Before the service, Mrs. Milton Heim, of R.D. 1, East Rochester, aunt of the bride, sang "Always" and "I Love You Truly" accompanied by Miss Verla Weingart, who also played the traditional wedding march.

### White Satin Gown

The bride, given in marriage by her uncle, Milton Heim, wore a beautiful white satin and net gown, styled with a sweetheart neckline and a fitted bodice attached to a full skirt. She wore a necklace, a gift of the groom. Her finger-tip veil was held in place by orange blossoms. She carried a bouquet of white roses.

Mrs. William Lutz, sister-in-law of the bride, matron of honor, appeared in a pink net formal over taffeta and carried a bouquet of yellow roses. Theodore Bell served his brother as best man.

For her daughter's wedding, Mrs. Lutz was attired in a navy blue dress and wore a corsage of red roses. Mrs. Bell was costumed in a gold suit and wore a corsage of red roses.

A reception was held for 25 relatives and friends. The refreshment table was graced with a three-tiered wedding cake topped with a bride and groom.

The bride is employed at Murphy's store. Mr. Bell, a machinist, is employed by the Deming Co. After a short honeymoon trip the couple will make their home with the bride's mother.

## "UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is indigestion.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.

## Q's AND A's

Q—Is the war over, officially?  
A—No. The President still has emergency powers. Selective Service is in force, etc. Wartime laws must be repealed, and official declarations made before the war is over officially.

Q—What was the origin of the word amethyst?  
A—It is a combination of two Greek words meaning "not to be drunk." The Greeks believed the stone, when worn, would keep the wearer sober.

Q—Who is commander of the Army Ground Forces?  
A—Gen. Jacob L. Devers.

Q—Where do we get parchment for diplomas?  
A—Most of it is made in England. One parchment factory there is said to be a thousand years old.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

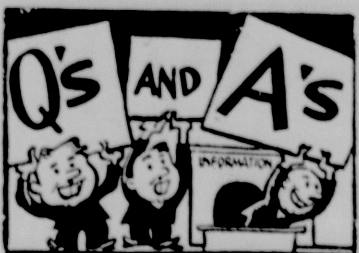

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all, but in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—25c. "Unblock" your intestinal tract for real relief from indigestion.

Q—Is the war over, officially?

A—No. The President still has emergency powers. Selective Service is in force, etc. Wartime laws must be repealed, and official declarations made before the war is over officially.

Q—What was the origin of the word amethyst?

A—It is a combination of two Greek words meaning "not to be drunk." The Greeks believed the stone, when worn, would keep the wearer sober.

Q—Who is commander of the Army Ground Forces?

A—Gen. Jacob L. Devers.

Q—Where do we get parchment for diplomas?

A—Most of it is made in England. One parchment factory there is said to be a thousand years old.

# Consensus Says Louis Will Flatten Conn Early In Fight

JOE LOUIS

By GAYLE TALBOT  
NEW YORK, June 19 — Joe Louis, a ring-weary veteran of 23, will defend his heavyweight title for the 23rd time tonight at the Yankee ball park, and he very likely will leave Billy Conn a quivering mass in the ring somewhere about the fourth round.

The indelible impression after watching the Big Negro and his opponent for two years, Louis will enter the ring tonight a beautifully trained specimen. Veterans of the fight game who doubted that Joe could whip himself into anything approaching his pre-war form watched his closing workouts in open-mouthed amazement.

The big man who has held the crown for nine years still hits fast and with paralyzing force. His legs still look trim, and he shuffles about on his large feet about as swiftly as ever.

As for Billy Conn, he will carry into the ring no measurably greater weapons than he had that other blazing night when he went down under a hurricane of blows in the 13th round.

Billy still has a fighting heart the size of a pumpkin, he is utterly fearless of Joe Louis, he is fast—and he thinks he can win.

Also, possibly on the credit side, Billy has put on a few rugged pounds, which might help him take a punch better and hit a little harder.

Billy and his handlers insist he is ready to step around Louis tonight and box him dizzy. Billy points out he was well ahead on points when Joe tagged him in their other fight, and he has sworn by all the coal in the Pittsburgh district that he will not try to slug with the lightning this time.

"Louis punches don't leave you dead, anyway," he said one day recently. "He hits hard, sure. But don't forget he had to hit me about 20 more times after that first right to the jaw before he put me down. He won't get the chance this time."

The only thing against Billy's sober argument is that Louis hasn't looked in recent days much like a man who might be evaded for more than a few split seconds, much less 15 rounds. In his final training sessions he jammed on the speed and fairly overwhelmed his sparring partners.

Louis had made only one promise: That he will "go out throwing punches" tonight. But he expects to win in an early round, and all his training has been toward that end.

For publication he has predicted that "Billy won't be around for long." Privately, he has picked the third round as the one in which he might catch up with his elusive rival.

"I trained for a knockout," he sums it up. "Conn trained for the newspapers."

With the two gladiators due to weigh in at Madison Square Garden shortly after noon today, the only important question remaining was the choice of a referee. The third man never is named until just before the fighters enter the ring. Eddie Joseph, who worked the last Louis-Conn scrap, and Benny Leonard, the old lightweight champion, have been the most prominently mentioned for the job.

## Demings' One-Hit 5-1 Win Over Salem Lunch Features No-Hit Game By Holmes, Bruderly

### Jaycees Win Fifth In Row Over Sinclair

#### As Leetonia, Italian A. C. Post Victories

Strange things can and do happen!

For instance: Demings Tuesday won over the Salem Lunch of the National league at Centennial park by the weird score of 5-1. The score is weird when you consider that Demings got only one hit and the Lunchers none!

In the other league fray at the park the Italian A. C. measured Washingtonville 5-3 in a far more conventional affair.

Walt Holmes and Kenny Bruderly, pitching three and four innings respectively for the Pumpers, knitted themselves into a no-hit combination.

Although Bruderly did the big end of the labor, the victory goes to Holmes, as Bruderly entered the game in the last of the fourth, when the Pumpers led 2-1.

The whole story for the Lunchers lies in the first inning. Then two Deming errors allowed the lone Lunch run and after that, although one batter reached first on an error, there were never more than three Lunchers at the plate in the same inning. They were served no fast pitches.

Holmes and Bruderly worked beautifully, walking none, Bruderly fanned four, Holmes none.

The pitching show on the Salem Lunch end of things was a far cry from sleepy as Bill Bennett allowed the Pumpers only a single bingle, that by Holmes in the sixth. His walking mark was low also, with only three passed batters. He jammed four.

Demings runs came one in the first, one in the fourth and one in the sixth when a hit, and a pair of walks spelled trouble.

Washingtonville found the Italian A. C. four hits and a pair of runs the better last night.

Two big runs in the first, one each in the third, fourth and sixth proved too much for overhauling as the Bingleville power could only gain a pair after the lone run in the first.

Pitcher Bill Guappone of the I.A.C. allowed but three hits, walked seven and struck out one. Don Har-

Playing tight ball all the way, the fast stepping Jaycee squad gained a 3-1 triumph over Sinclair, while the league leading Leetonia Crescents edged the Electric Furnace by a 5-2 count in American league tilts at Centennial park Tuesday.

In handling the Sinclairs their fourth loss in a row, the Jaycee 10 held a slim lead all the way and held it stick. Johnny McQuiston allowed but five hits, although several hard hit balls were lined directly into his fielders hands. It was the fifth straight win for the Jaycees.

Chet Brautman, Oiler pitcher, had his slow pitches tagged for eight hits, three of which were by Russ Hackett, Jaycee gardener. Three singles in the initial frame provided two runs and the margin for victory.

The triumph firmly wedged the Jaycees in fourth place in the nine team league after a long climb from the cellar and mired Sinclair in sixth place, just a half game ahead of the Sip and Bite team.

The defending city champions haven't been able to hit last year's stride, mostly due to light hitting.

Leetonia overcame a two run Furnace lead to win their tilt going away and pull ahead of Mullins by a half game.

Favored by two hit pitching by John Clunen and six errors by the losers, the league leaders tied it up in the fourth and then pushed over three runs in the fifth to sew it up. The inning featured three errors, a single and a walk.

Hard base running and lots of scrap seem to be the Crescent recipe for winning baseball. At least three of their games have been pulled out of the fire by this formula alone.

The coming game with Mullins and the outcome of the Sinclair-Mullins game may very well decide the league title.

Louis had made only one promise: That he will "go out throwing punches" tonight. But he expects to win in an early round, and all his training has been toward that end.

For publication he has predicted that "Billy won't be around for long." Privately, he has picked the third round as the one in which he might catch up with his elusive rival.

"I trained for a knockout," he sums it up. "Conn trained for the newspapers."

With the two gladiators due to weigh in at Madison Square Garden shortly after noon today, the only important question remaining was the choice of a referee. The third man never is named until just before the fighters enter the ring. Eddie Joseph, who worked the last Louis-Conn scrap, and Benny Leonard, the old lightweight champion, have been the most prominently mentioned for the job.

Louis is expected to weigh about 268 to Conn's 182.

In the event of rain tonight Promoter Mike Jacobs will not refund the \$2,000,000 said to be in his till, but will show the bout up to tomorrow night. Ten thousand general admission tickets will go on sale at \$5 apiece when the gates open at 6 p. m., four hours before the main event. The odds against Conn being the new champion were hovering around 12-to-5, and it was thought they might soar above 1-to-3 by nightfall.

# Demings' One-Hit 5-1 Win Over Salem Lunch Features No-Hit Game By Holmes, Brudery

## Jaycees Win Fifth In Row Over Sinclair As Leetonia, Italian A. C. Post Victories

Strange things can and do happen!

For instance: Demings Tuesday won over the Salem Lunch of the National league at Centennial park by the weird score of 5-1. The score is weird when you consider that Demings got only one hit and the Lunchers none!

In the other league fray at the park the Italian A. C. measured Washingtonville 5-3 in a far more conventional affair.

Walt Holmes and Kenny Brudery, pitching three and four innings respectively for the Pumpers, knitted themselves into a no-hit combination.

Although Brudery did the big end of the labor, the victory goes to Holmes, as Brudery entered the game in the last of the fourth, when the Pumpers led 2-1.

The whole story for the Lunchers lies in the first inning. Then two Deming errors allowed the lone Lunch run and after that, although one batter reached first on an error, there were never more than three Lunchers at the plate in the same inning. They were served no fat pitches.

Holmes and Brudery worked beautifully, walking none. Brudery fanned four, Holmes none.

The pitching show on the Salem Lunch end of things was a far cry from sleazy as Bill Bennett allowed the Pumpers only a single single, that by Holmes in the sixth. His walking mark was low also, with only three passed batters. He jammed four.

Demings runs came one in the first, one in the fourth and three in the sixth when a hit, and a pair of walks spelled trouble.

Washingtonville found the Italian A. C. four hits and a pair of runs the better last night.

Two big runs in the first, one each in the third, fourth and sixth proved too much for overhauling as the Bingleville power could only gain a pair after the lone run in the first.

Pitcher Bill Guapone of the I. A. C. allowed but three hits, walked seven and struck out one. Don Har-

bold of Washingtonville allowed seven hits, walked one and fanned three.

Playing tight ball all the way, the fast stepping Jaycee squad gained a 3-1 triumph over Sinclair, while the league leading Leetonia Crescents edged the Electric Furnace by a 5-2 count in American league tilts at Centennial park Tuesday.

In handling the Sinclairs their fourth loss in a row, the Jaycee 10 held a slim lead all the way and made it stick. Johnny McQuiston allowed but five hits, although several hard hit balls were lined directly into his fielders' hands. It was the fifth straight win for the Jaycees.

Chet Brautigam, Oiler pitcher, had his slow pitches tagged for eight hits, three of which were by Russ Hackett, Jaycee gardener. Three singles in the initial frame provided two runs and the margin for victory.

The triumph firmly wedged the Jaycees in fourth place in the nine team league after a long climb from the cellar and mired Sinclair in sixth place, just a half game ahead of the Sip and Bite team.

The defending city champions haven't been able to hit last year's stride, mostly due to light hitting.

Leetonia overcame a two run Furnace lead to win their tilt going away and pull ahead of Mullins by a half game.

Favored by two hit pitching by John Clunen and six errors by the losers, the league leaders tied it up in the fourth and then pushed over three runs in the fifth to sew it up. The inning featured three errors, a single and a walk.

Hard base running and lots of scrap seem to be the Crescent recipe for winning baseball. At least three of their games have been pulled out of the fire by this formula alone.

The coming game with Mullins and the outcome of the Sinclair-Mullins game may very well decide the league title.

## RADIOGRAM BREAKS DRAFT DEADLOCK

(By Associated Press)  
WASHINGTON, June 19—Rep. Walter G. Andrews' dramatic vote radioed from a ship far out in the Pacific appeared today to have broken the senate-house committee deadlock over the teen age draft.

The New York Republican's revised proxy—declaring in favor of a conditional moratorium on the induction of 18 year olds—was sent from the USS Panamint, carrying Andrews and other observers to the Bikini atom bomb tests.

Andrews thus swung over to the senate compromise offer to make 18 year olds subject to the draft only as a last resort. His previous proxy called for no restrictions on inducting teen-agers, with the result that the house group first rejected the compromise, 4 to 3.

**Showdown Thursday**  
The actual showdown on the issue is not scheduled until tomorrow when the seven senate and six house conferees—Andrews is the seventh—reassemble for their third try at adjusting differences in separate draft extension bills. The Monday-to-Thursday delay was set to allow the contact with Andrews aboard the Panamint.

Unless some other hitch develops unexpectedly, both sides look for the conference agreement to contain these provisions:

Extension of the Selective Service act, due to expire at the end of this month, until next March 31. Pay increases ranging from 50 per cent for buck privates and apprentice seamen to 10 per cent for top rank officers.

Manpower demands to be supplied from four categories, each to be exhausted in order: First, volunteers; second, inductees between 20 and some top age limit to be determined by the armed forces; third, 19 year olds; fourth 18 year olds.

In no event, would youths of 18 be inducted before Oct. 1, and then only if President Truman certified they are needed. Their duty would be restricted to the continental United States until they are 19.

that Black declined to disqualify himself in a case in which his former law partner was interested.

"I don't think any president ought to be permitted to name more than three members of the court," the Mississippi senator declared.

He added that there could be no "packing" of the tribunal under his proposal, which would reconstitute the court with a chief justice and six to 10 associates, as congress provided.

Bridges told a reporter he is supporting Eastland's demands for public hearings by the committee, adding that in this way Jackson would be provided with a forum for any expansion he cared to make of his broadside against Black.

Chairman McCarran (D-Nev.) said it will be up to the committee to decide whether any hearings will be held.

Jackson has indicated that he will return to the United States about July 15 from Nuernberg, Germany, where he has been chief American prosecutor in the Nazi war crimes trial. Friends here said privately they expect him to have more to say on his return.

In one of the bluntest speeches congress has yet heard on the Supreme court cleavage, Eastland told the senate yesterday the Jackson-Black episode made the American people "today look upon their highest tribunal as bereft of unity, spent by dissension and torn by the bickerings of factions."

Betty Vincent and Sally Miskimins were in charge of the recreation period.

Lunch was served by the hostess and Betty Vincent.

A meeting at 2 p. m. Monday, July 1, will be at the home of the advisor, Ruth Sox.

Carol Stille and Margaret Miskimins compose the refreshment committee and Mary Miskimins and Betty Vincent will be in charge of the recreation.

that Black declined to disqualify himself in a case in which his former law partner was interested.

"I don't think any president ought to be permitted to name more than three members of the court," the Mississippi senator declared.

He added that there could be no "packing" of the tribunal under his proposal, which would reconstitute the court with a chief justice and six to 10 associates, as congress provided.

Bridges told a reporter he is supporting Eastland's demands for public hearings by the committee, adding that in this way Jackson would be provided with a forum for any expansion he cared to make of his broadside against Black.

Chairman McCarran (D-Nev) said it will be up to the committee to decide whether any hearings will be held.

Jackson has indicated that he will return to the United States about July 15 from Nuernberg, Germany, where he has been chief American prosecutor in the Nazi war crimes trial. Friends here said privately they expect him to have more to say on his return.

In one of the bluntest speeches congress has yet heard on the Supreme court cleavage, Eastland told the senate yesterday the Jackson-Black episode made the American people "today look upon their highest tribunal as bereft of unity, spent by dissension and torn by the bickerings of factions."
